(972) 580-7777

February 2, 2009

To our valued customers,

Littelfuse would like to notify you of our decision to obsolesce the Teccor® brand DO-214 DIAC product due to sustained lack of end market demand.

Key Dates:

Last time buy – March 31, 2009

Final product shipment – June 30, 2009

Littelfuse recognizes and respects the need to allow time for our customers to transition existing designs, and we are committed to assisting in the process. In this case, there are no simple replacements available. We would be happy to work through design issues on a case by case basis as needed.

Part Numbers Affected:

HT1137ST40

HT1137ST40RP

ST32RP

ST32BRP

ST34BRP

ST35RP

ST36ARP

ST36BRP

ST40RP

We anticipate all remaining Teccor® brand package types will be part of the Littelfuse portfolio for the foreseeable future. The remaining products are part of our core portfolio with significant market demand and a focus for future growth. We are currently investing in these packages to ensure our long term competitive advantage in performance, quality, and cost.

For technical, applications, or design questions, please contact Richard Norris, Thyristor Product Applications Manager at rnorris@littelfuse.com or alternatively 972-518-9404.

If you have any other questions or concerns, please contact Corey Deyalsingh, Thyristor Product Manager.

We value your business and look forward to assisting you whenever possible.

Best Regards,
