| Rev.                    | Description of Change  | ECN No. | Date     |
| D                       | BOM CHANGE, ADD O-RING | 09356   | 07/20/09 |
|                         |                        |         |          |
|                         |                        |         |          |
|                         |                        |         |          |

- NOTES:
1. MAX. UPWARD DEFLECTION OF WIRE-LEAD AFTER COATING 20°
  2. ALL STEEL PARTS PLATED
  3. ALL DIMENSIONS ARE REFERENCE UNLESS NOTED OTHERWISE
  4. ALL HARDWARE SHIPPED LOOSE
  5. O-RING SEAL IN BUSHING

|                                                                                                                                                                                                                                                                                                                                       |                   |                                                                                                                                                                                                                                                                                                                                            |                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                   |                                                                                                                                                                                                                                                         |  |
