

CR Series

Round Single Pole Specialty Rocker Switches

Description

The CR series are round single pole specialty rocker switches, perfect for use in small and large appliances, computers and peripherals and audio/video equipment. With a round actuator and body, an IP65 rated splash proof rubber boot option and multiple illuminated versions available, CR switches are sure to give designers what they need.

Features & Benefits

- Round actuator and body
- Multiple illuminated versions available
- IP65 splash proof rubber boot option
- Nice styling

Applications

- Appliances, small and large
- Office equipment
- Computers and peripherals
- Audio/Video equipment
- RoHS compliant

Agency Approvals

Agency	Agency File Number
	E42363

Specifications

Contact Rating	16 Amps @ 125 VAC 10 Amps @ 250 VAC
Electrical Life	10,000 make-and-break cycles at full load
Dielectric Strength	1,500 Vrms min. @ sea level
Insulation Resistance	10 ⁹ Ω min.
Operating Temperature	-20°C to 85°C ¹

Notes:

1. The operating temperature has a maximum of 65°C

Materials

Actuator & Housing	6/6 nylon (UL 94V-2), matte finish
Illuminated Actuator	Polycarbonate, matte finish
Center Contacts	Silver plated, copper alloy
End Contacts	Silver plated AgSnO ₂ InO ₃
All Terminals	Silver plated, copper alloy

Notes:

Specifications and materials listed above are for switches with standard options. For information on specific and custom switches, consult Customer Service Center.

Ordering Number

To order, simply select desired option from each category and place in the appropriate box. For additional options not shown in catalog, consult Customer Service Center.

Notes: Refer to table on page 2 for actuator options.
