956 HEAVY DUTY SERIES IGNITION SWITCHES

Description
Littelfuse Ignition Switches are designed for universal applications within harsh environments. Their mounting, body, and actuator features are designed for ease-of-use and extended product lifecycle.

The 956 Heavy Duty Series is our most robust series of Ignition Switches, providing reliable circuit control for vehicle ignition.

Features and Benefits
- Key removable in “Off“ Position Only (where actuator applicable)
- Ignition Proof to SAE J259

Specifications Overview
- Positions: 3-4 Positions
- Housing: Heavy Duty Plated Steel
- Ingress Protections: O-Ring in Shaft and Sealed Terminal Insulator
  PN: 956-4138: Sealed Terminal Insulator Only

Applications
- Construction Equipment
- Agricultural Equipment
- Material Handling Equipment
- Commercial Vehicles
