## Description

Littelfuse Rocker Switches are designed for universal applications within harsh environments. Their mounting, body, and actuator features are designed for ease-of-use and extended product lifecycle.

The 58328 Series is our most popular line of LED-enabled rocker switches. These products are single-actuator switches that are commonly used for in-cabin controls, but are also IP66 rated against dust and moisture.

## Applications

- Construction Equipment
- Agricultural Equipment
- Material Handling Equipment
- Commercial Vehicles

## Features and Benefits

- Silver contacts for corrosion resistance
- Bright, long-lasting LED illumination
