95 STANDARD BODY SERIES IGNITION SWITCHES

Features and Benefits
- Key removable in “Off” Position Only (where applicable)
- Ignition Proof to SAE J259
- Designed to enable universal start applications

Specifications Overview
- Mounting Torque: 20 ft lbs (27 Nm)
- Stud Torque: 4.4 to 7.4 ft lbs (6-10Nm)
- Operating Temp: -40° C to + 85° C

Applications
- Construction Equipment
- Agricultural Equipment
- Material Handling Equipment
- Commercial Vehicles

Description
Littelfuse Ignition Switches are designed for universal applications within harsh environments. Their mounting, body, and actuator features are designed for ease-of-use and extended product lifecycle.

The 95 Standard Body Series offers a variety of actuators and circuities. From interior lighting to vehicle accessories, these products can support the control of applications beyond ignition circuits.
