

# VEHICLE ELECTRICAL SYSTEM PROTECTION, DISTRIBUTION & CONTROL

## Battery Disconnect Switches

High Current • Sealed • Single-Pole or Dual-Pole • Lock-Out Tag-Out

## Relays and Solenoids

High Current Metal and Plastic Body Solenoids • Bi-Stable Latching Relays • Solid State Relays • Plug-In Relays

## Low Current Switches

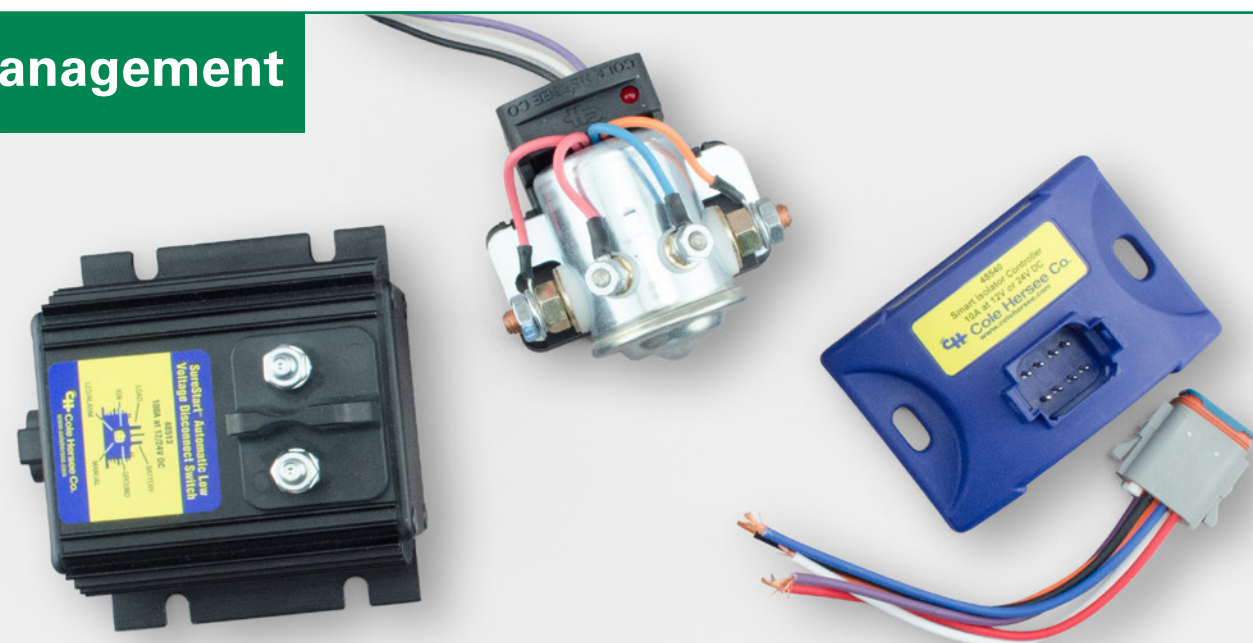

Rocker • Toggle • Rotary • Momentary • Push-Pull • Special Purpose Designs

## Fuses, Holders & Power Distribution Modules

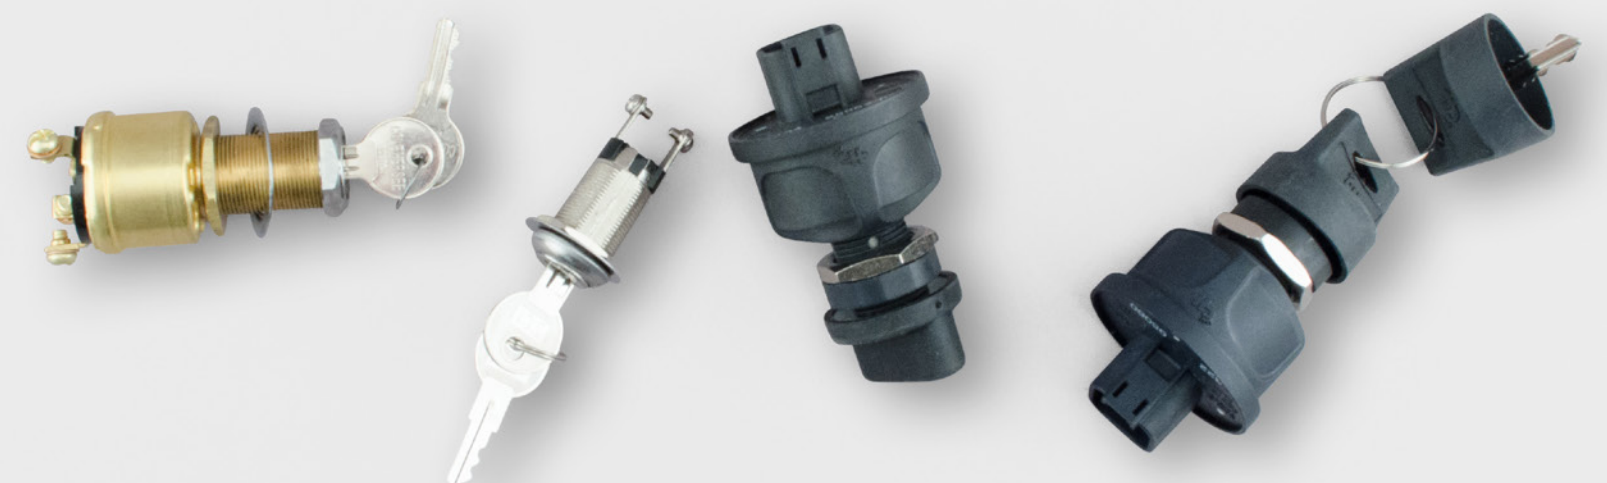

Blade or Bolt-Down Fuses • In-line • Sealed • IP Rated • Multiple Pole Configurations

## Battery Management

Low Voltage Disconnect • Battery Combiners • Battery Isolators • Charging Solutions

## Ignition Switches

Brass, Steel or Plastic Body • Keyed, Knob or Lever • Integrated Wiring Harness
