Ground Fault Circuit Protection

LITTELFUSE SHOCK-BLOCK® LB100 GFCI LUNCHBOX

LB100

Description
Littelfuse Shock-Block LB100GFCI Lunchbox was designed specifically for power distribution in the entertainment industry. It features heavy duty construction with hospital grade duplex GFCI outlets, recessed circuit breakers and indicator lights to ensure reliability.

Wet conditions, moisture or just worn cable insulation can cause ground faults that endanger the lives of those working on production sets. Whether you are shooting outdoors or around water, Littelfuse Shock-Block technology helps protect cast and crew.

Product Features
- Portable, in-line plug-in device
- Solid Bus-Bar Construction
- High Temp Wiring
- Heavy Duty Hardware

Specifications
