## EL3100 SERIES

Ground-Fault Protection – Grounded/Ungrounded AC •  
Systems Ground-Fault & Phase-Voltage Indicator

### Description

The EL3100 is a self-powered ground-fault and phasevoltage indication system for 3-phase systems. The EL3100 meets the National Electrical Code (NEC) and the Canadian Electrical Code (CE) requirements for ground detectors for ungrounded alternating-current systems. Voltage connections are provided on the EL3100 for 208, 240, 480, and 600-V systems. Three green LED's on the EL3100 indicate the presence of phase-to-ground voltage and one red LED indicates a ground fault. The EL3100 can operate stand-alone or with up to five remote LED indicators. A solid-state relay output provides indication of a ground fault. The output relay is closed when the 3-phase neutral voltage shifts as the result of ground leakage.

### Features & Benefits

FEATURES	BENEFITS
<b>NEC® and CE Code compliant</b>	Meets National Electrical Code (NEC®) Article 250.21 and Canadian Electrical Code Part 1, Rule 10-400 (2) requirements for ungrounded systems
<b>Low-voltage remote LEDs</b>	System voltage is not present at the remote LED location
<b>Phase-voltage indication</b>	Indicates the presence of voltage on both grounded and ungrounded systems
<b>Output relay</b>	Allows for remote ground-fault indication

Ground-Fault Protection – Grounded/Ungrounded AC •  
Systems Ground-Fault & Phase-Voltage Indicator

### Accessories

A

#### Remote LEDs

High-intensity 16-mm IP67 LED lamps  
available in red and green colors.

### Specifications

<b>Input Voltage</b>	Input L: 208/240 Vac Input H: 480/600 Vac
<b>Dimensions</b>	<b>H</b> 87.0 mm (3.43") <b>W</b> 112.5 mm (4.43") <b>D</b> 56.0 mm (2.2")
<b>Approvals</b>	CSA certified, UL Listed (E340889)
<b>Conformally Coated</b>	Standard feature
<b>Warranty</b>	5 years
<b>Mounting</b>	DIN, Surface

### Ordering Information

ORDERING NUMBER	MOUNTING	ACCESSORIES	REQUIREMENT
EL3100-00	DIN, Surface	RK-310X-0Y	Optional

Note: X=R for red LED and G for green LED  
Y=0 for no label and 1 for a ground-fault label
